1. The following is an examiner's statement of reasons for allowance: Applicants' amendment has overcome the rejection made in the previous office action. For reasons of record the instant claims are neither taught nor suggested by the prior art. To clarify the claims, the Examiner notes that while the second to the last lines of claims 20 and 23 contains the limitation that the structural units of formula II contain at least one SiH group, both claims contain the additional requirement that the copolymer as a whole must contain at least two SiH groups. Thus in addition to the requirement found on the second to the last lines, the copolymer must *a/so* contain at least two SiH groups.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Margaret G. Moore whose telephone number is 571-272-1090. The examiner can normally be reached on Monday to Wednesday and Friday, 10am to 4pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Randy Gulakowski can be reached on (571) 272-1302. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
